

Weather Activity – Flying Paper Airplanes Outdoors

Download video: [How to make 5 easy paper airplanes](#)

- 1) Make one or more of the paper airplanes
- 2) Create a landing strip outdoors. (Pre measure every 10 feet)
- 3) 5 to 10 throwing attempts per airplane
- 4) Record your top 3 attempts per airplane (video record if you want)
- 5) Weather concerns:
 - ⊕ Know the direction of the wind.
 - ⊕ Know the wind speed.

Title of Airplane	Wind Speed	Wind Direction	Distance of Flight (feet) Round to the nearest foot
